Practice Paper - 5

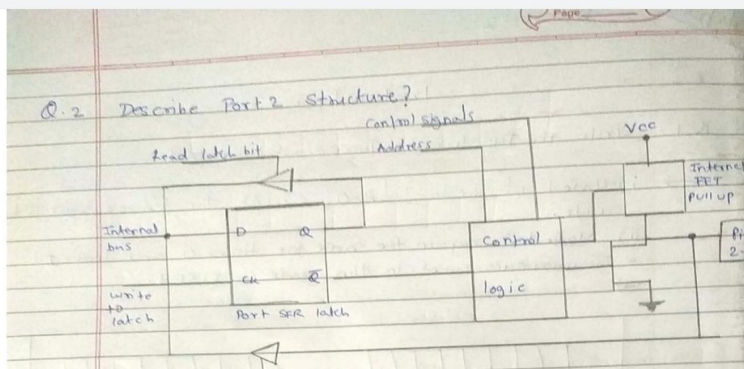

Q.1 Write the function of Timer counter mode 1

→ i) Mode 1 is same as mode 0, except the timers are 16 bit wide.
ii) Mode 1 is again the same for timer 0 and timer 1. The maximum count in this mode is FFFFH.

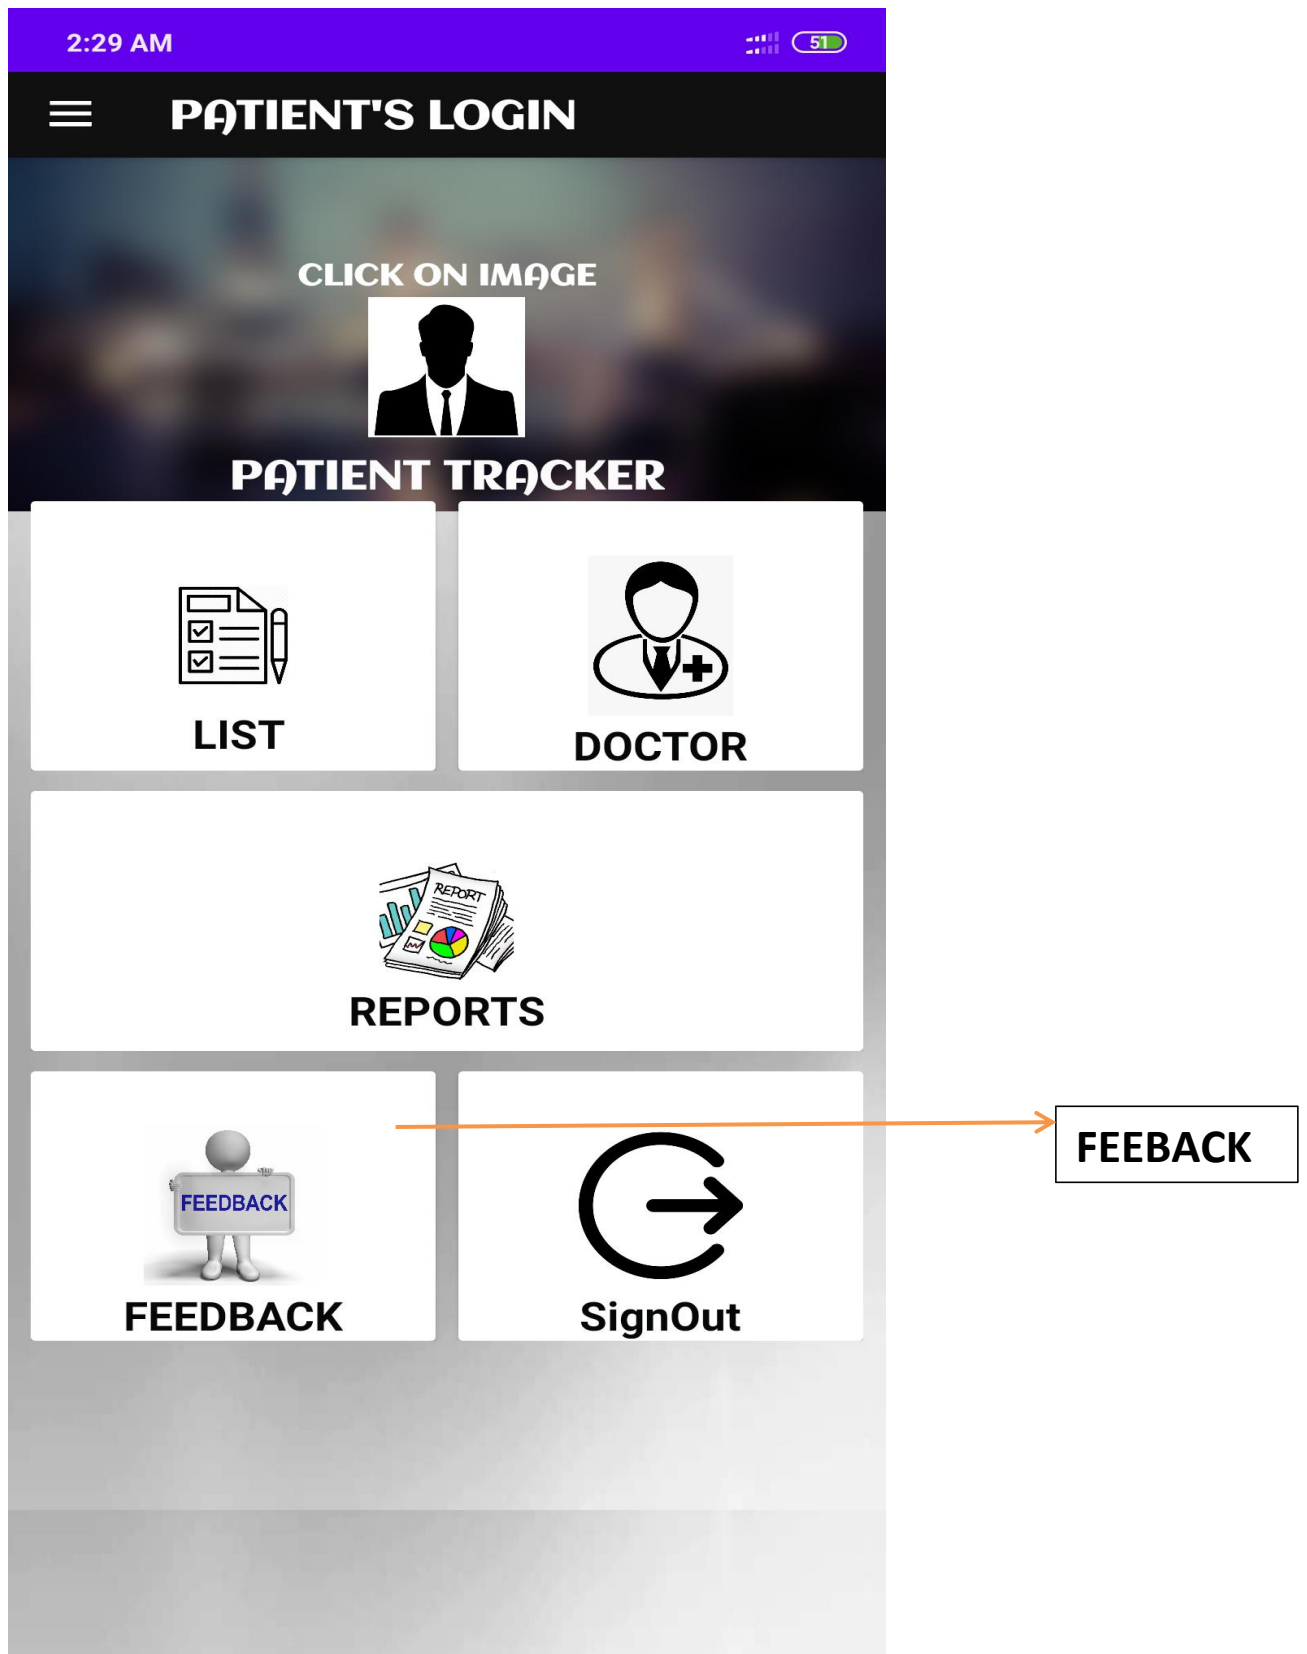

~~iii)~~

iii) In mode 1 the entire 8 bits of the lower order register are used.
iv) So after receiving 256 clock pulses, the higher order register will be incremented.

Scanned with CamScanner
